Summary

Detail-oriented Full-Stack Java Developer with over 3 years of experience in designing, developing, and deploying scalable applications using Java, React.js, and Spring Boot. Expertise in delivering secure, user-centric solutions and optimizing system performance. Recognized for adaptability, collaboration, and technical problem-solving.

Work Experience

Full-Stack Java Developer

June 2024 – Present

Tradelink, Chicago, IL

- Designed and developed responsive front-end components using React, ensuring compatibility across devices and platforms.
- Collaborated with UX designers and backend developers to implement seamless user experiences.
- Optimized page load times by improving code performance and leveraging browser caching strategies.
- Conducted accessibility improvements, achieving WCAG compliance for key features.
- Mentored junior developers, improving team efficiency by 15%.

Full-Stack Java Developer

June 2022 – Dec 2022

Syntax Tree Software Solutions, Hyderabad, India

- Developed and maintained dynamic web applications using React, JavaScript, and CSS.
- Worked with RESTful APIs to efficiently fetch and display data on the front end.
- Enhanced application performance by debugging and optimizing JavaScript code.
- Led a redesign initiative, reducing bounce rates by 20% through improved UI/UX.
- Coordinated with QA teams to ensure rigorous testing, achieving zero critical bugs.

Java Developer Intern

May 2021 – May 2022

TechFort Software Services, Hyderabad, India

- Assisted in developing and testing Java-based applications.
- Utilized Spring Boot and Hibernate for backend logic implementation.
- Documented technical workflows to streamline future development efforts.
- Collaborated with cross-functional teams to integrate new features into existing platforms.
- Researched and implemented solutions to improve application scalability and security.

Skills

Programming Languages: JavaScript, TypeScript, HTML5, CSS3, Java

Frameworks & Libraries: React, Spring Boot, Hibernate, Redux

Tools & Technologies: Git, Jenkins, RESTful APIs, AWS (ECS, Lambda, S3), Kafka, Firebase, MySQL, PostgreSQL, Maven

Soft Skills: Team Collaboration, Problem-Solving, Communication, Agile Methodologies, Time Management

Education

Master of Science in Computer Technology

Jan 2023 – May 2024

Eastern Illinois University, Charleston, IL

GPA: 4.0/4.0

Bachelor of Science in Computer Science

June 2018 – May 2022

Jawaharlal Nehru Technological University, Hyderabad, India

GPA: 3.29/4.0
